

Blackboard Getting Started Guide

Use this guide to help you better understand how your online class works.

Home Tab area	
<p>The Home Tab area is the first place you see after you login. There is a lot of helpful things located within this tab.</p>	
Step 1: Blackboard Support	
<p>TVS is trying to provide its students with resources to help them better understand how their online classroom works. Notice the area that is labeled “Blackboard Support”</p> <p>Within the “students” link are resources that will help you better understand how things work.</p>	
Step 2: Browser Test	
<p>Use this area to test your browser to make sure it is properly configured. Many issues with Bb are really a browser problem. (Note: When you have problems...always run this test.)</p>	
Step 3: Courses Quick View	
 <p>Underneath this are links to your online classrooms for the courses listed. To enter these classes click on the title of the course. It will be underlined to show it is a link.</p>	<p>In the middle of your Home Tab area, you will see a column labeled “Courses: Quick View”</p> <p>Courses in which you are enrolled:</p>
Step 4: Administrative Announcements	
	<p>TVS is constantly making sure that your online classroom (Blackboard) is working properly. Maintenance is required to keep it working properly. The dates are given to you well in advanced. Make note of these dates so that you are not caught with a project due the next day.</p>
